

Family Forum Updates

Join our FOCUS GROUP to give The Office of Developmental Programs (ODP) and the Office of Mental Health and Substance Abuse Services (OMHSAS) feedback on telehealth!

The Office of Developmental Programs (ODP) and the Office of Mental Health and Substance Abuse Services (OMHSAS) are leading a Behavioral Health (BH) Telehealth Services for Individuals with Intellectual Disabilities and/or Autism (ID/A) Project with a focus on telehealth. A key component of this project is to engage Focus Groups representing: Friends and Families, Self-Advocates; ID/A Providers, and Mental Health Providers. Focus group questions will be designed around four themes:

- Understanding the Stakeholder Experience: Current care and potential barriers to delivering/receiving telehealth services for individuals with ID/A.
- Behavioral Health services for telehealth in Pennsylvania for individuals with ID/A.
- Technology use, current regulations, and data.
- Best practices and what stakeholders would like to learn.
