Coaching Across Settings, Coaching in EI and What it Looks Like!

Friday, April 12, 2024, 12:00-1:00 (Virtual)

Join this session to learn about how EI programs provide services in various settings through evidenced-based coaching supports.

Information will be shared about Family Guided Routines Based Intervention (FGRBI), and what coaching looks like in Early Intervention.

Our objectives:

Increase family/caregiver involvement in Early Intervention.

Further develop, review, and enhance local practices in accordance with recognized best practices and state and federal law.

Identify local community needs and concerns, and work to find solutions.

Our mission:

To promote community linkages with existing resources for children with special needs, their families and caregivers.

To provide training, enhance communication, promote community awareness, explore and help develop new models of service, and actively advocate, ensuring the best possible Early Intervention system for Bucks County's children, families, and caregivers.
